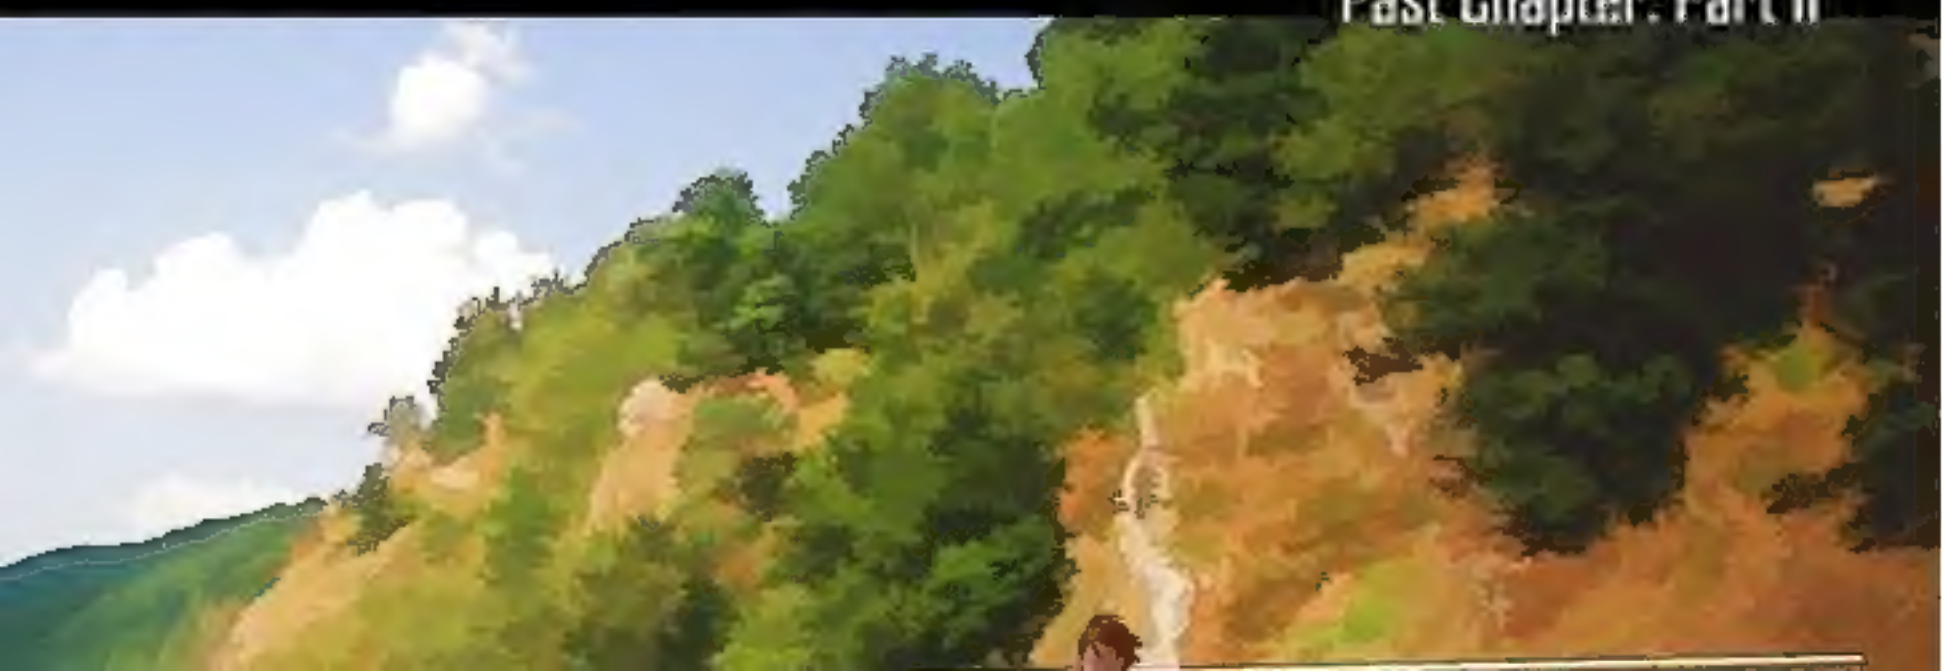
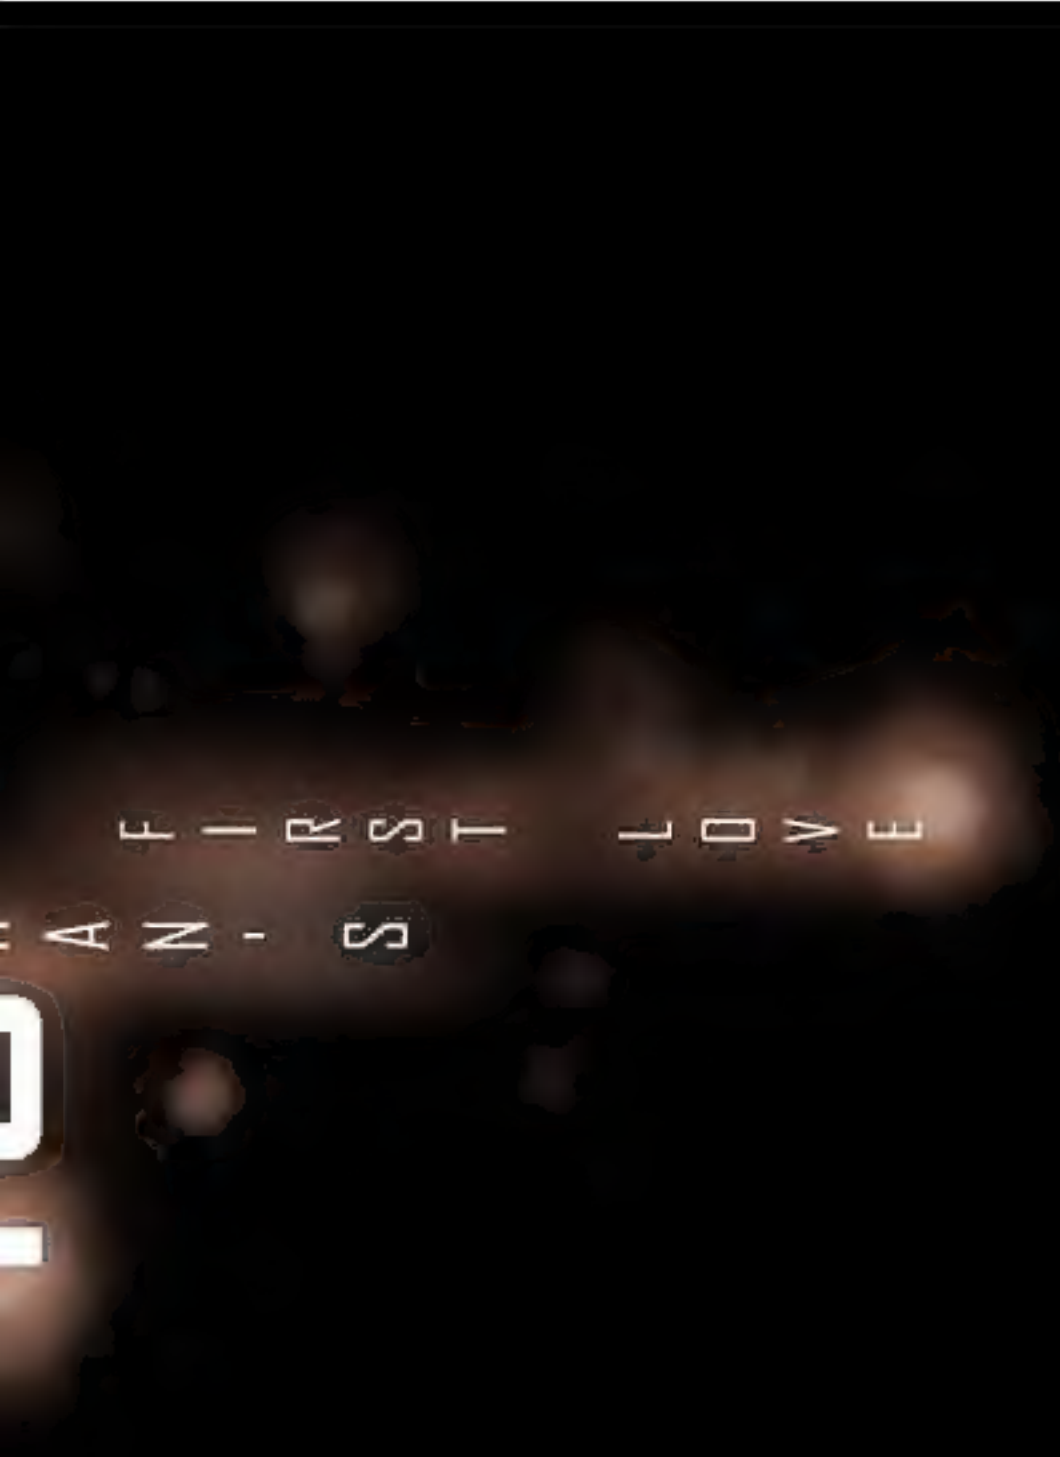
Past Chapter: Part II



16 NATH



EAST JOY
CAN-S

KYOTO, JP. 3:45 P.M.

Thanks for always watching over Anya, Granny.
Ohh my.. Thank you!

Daddy, are you living with us here in Kyoto?
I can't yet. Daddy has to work for Anya's future.
Nathan, hold her properly!

haah..

haa..

haa

ah..

Mommy?

You alright, Hon?

Haa..

haah.

GOD- This slope is killing me..

Ha-ha!

How ironic..

Back in the days,
You used
to dance in the court
with your unparalleled
stamina.

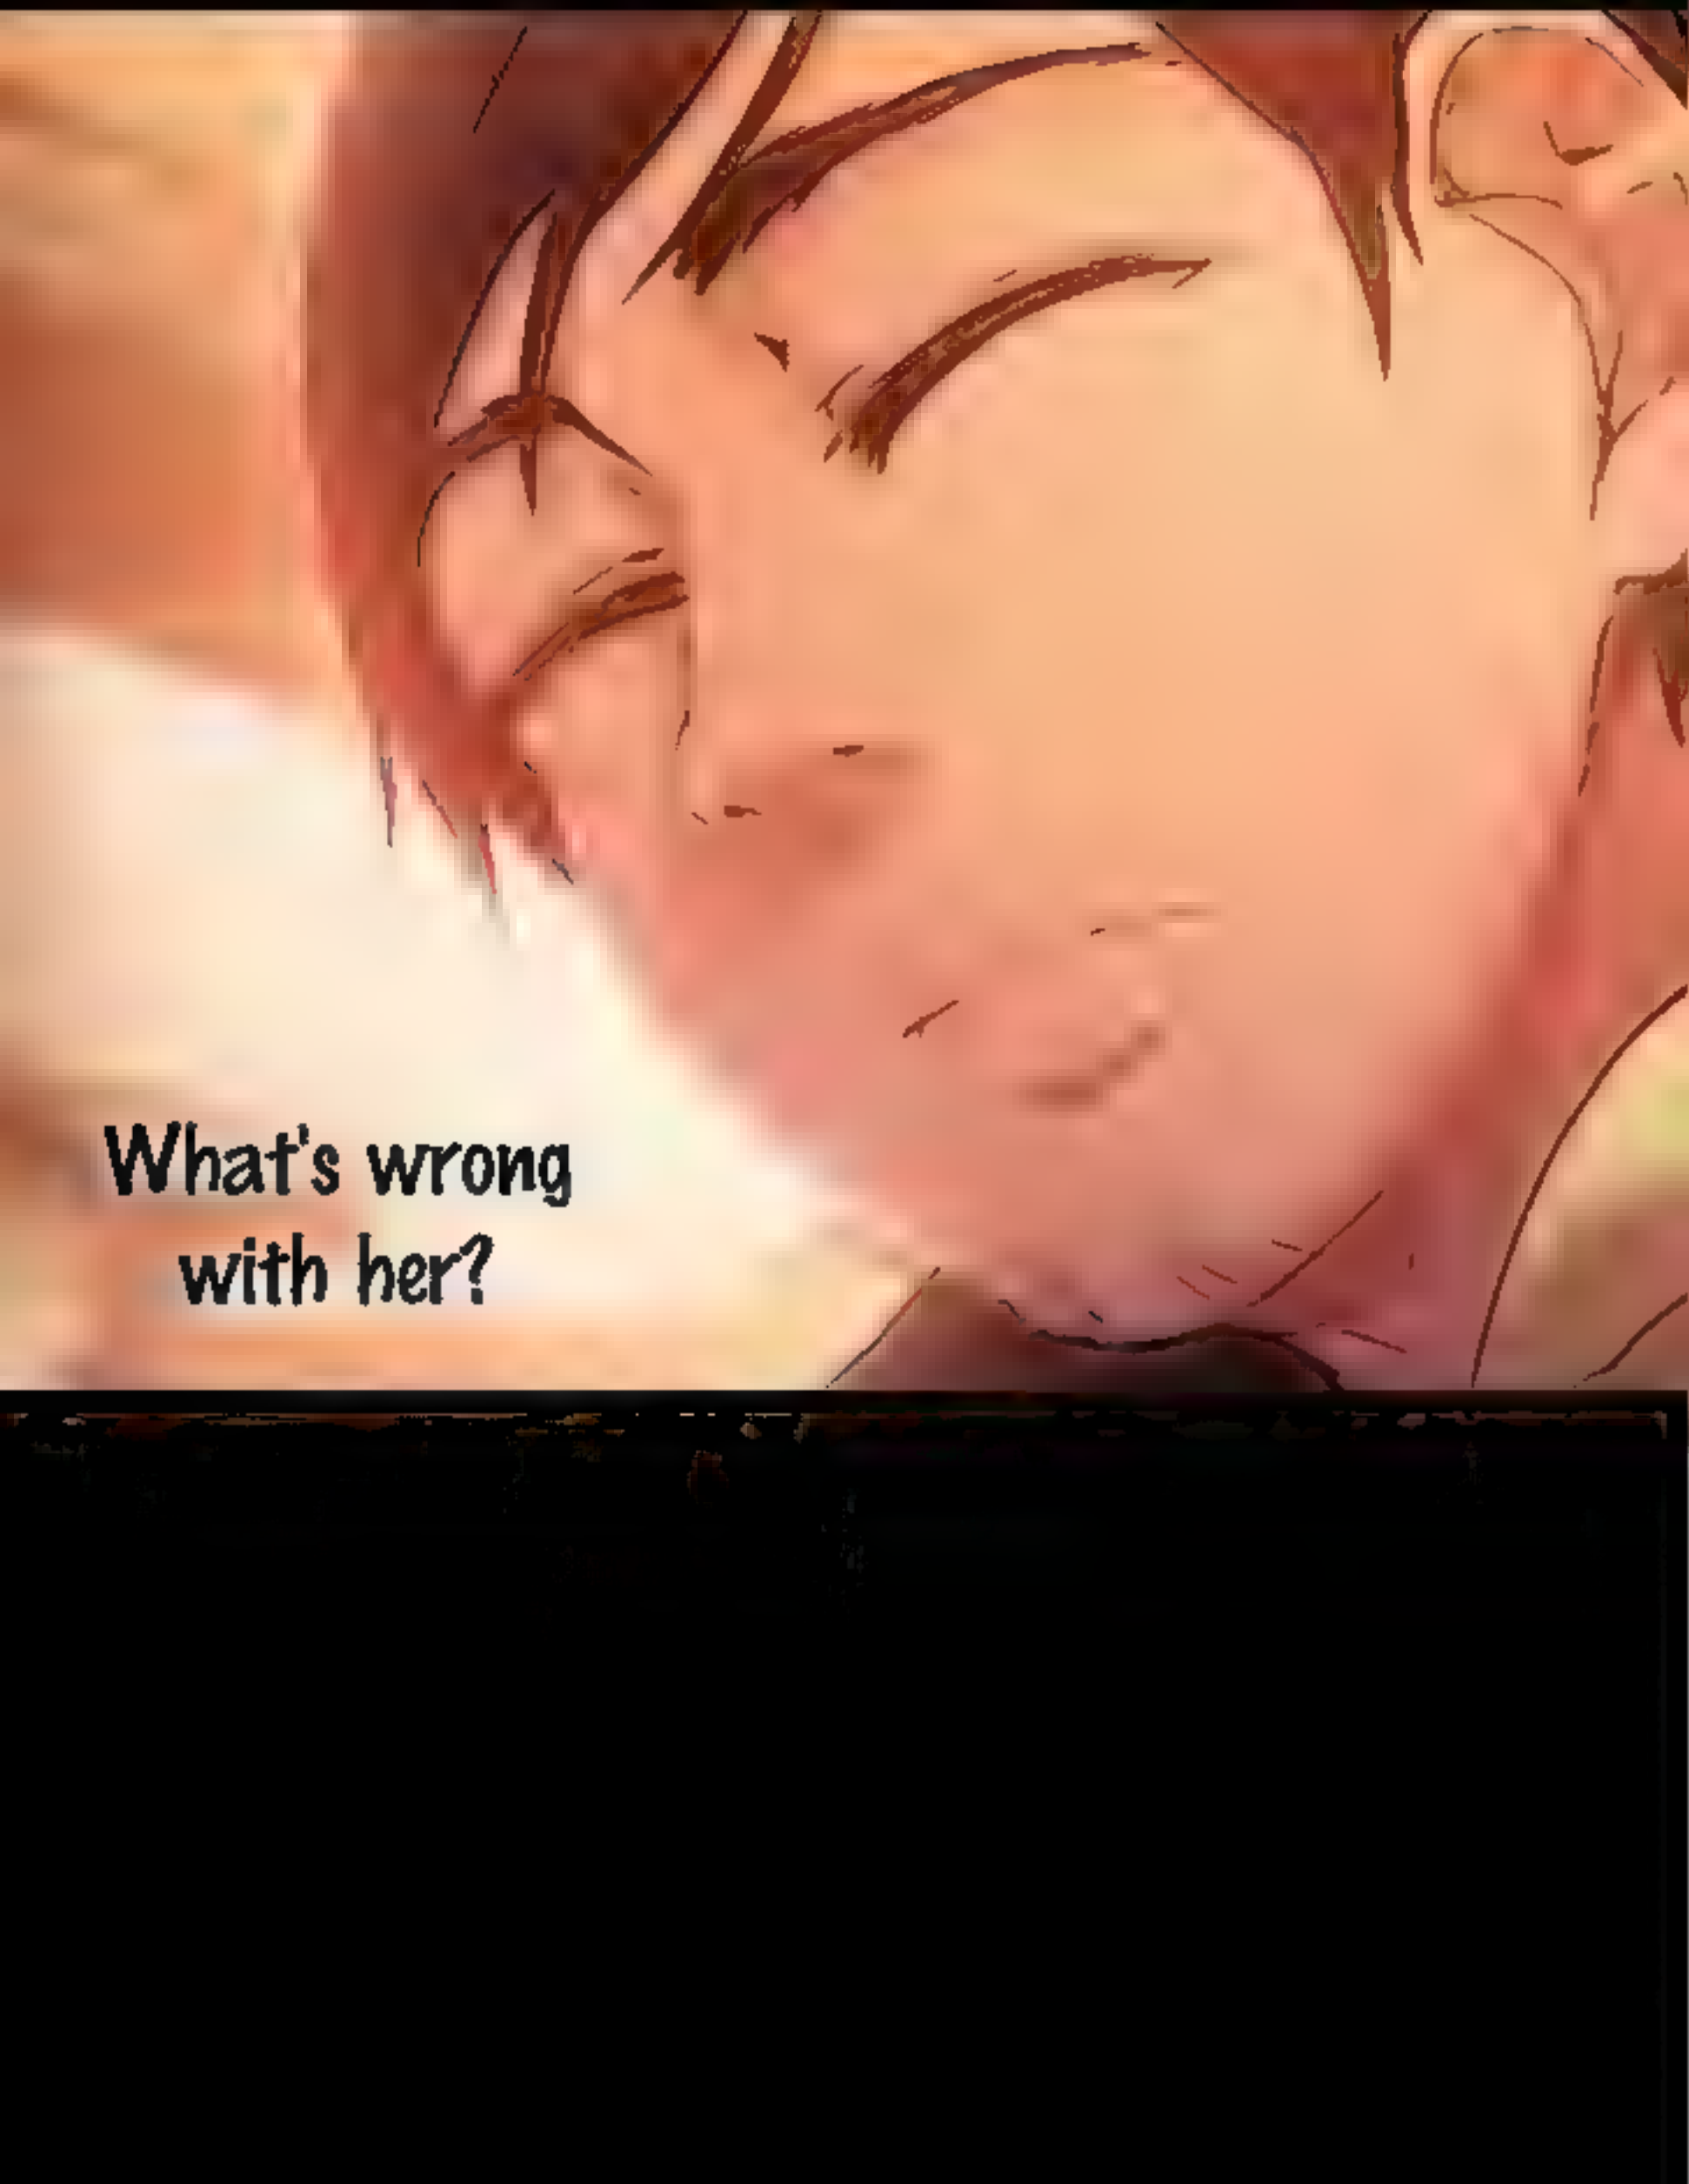
It was a mystery to me
where that strength came from.

..you're like
a Monster!

So I'm a Monster to you now?

N-n-no.. I mean-..

How many times do I have to remind you not to talk about Tennis in front of Anya?



What's wrong
with her?

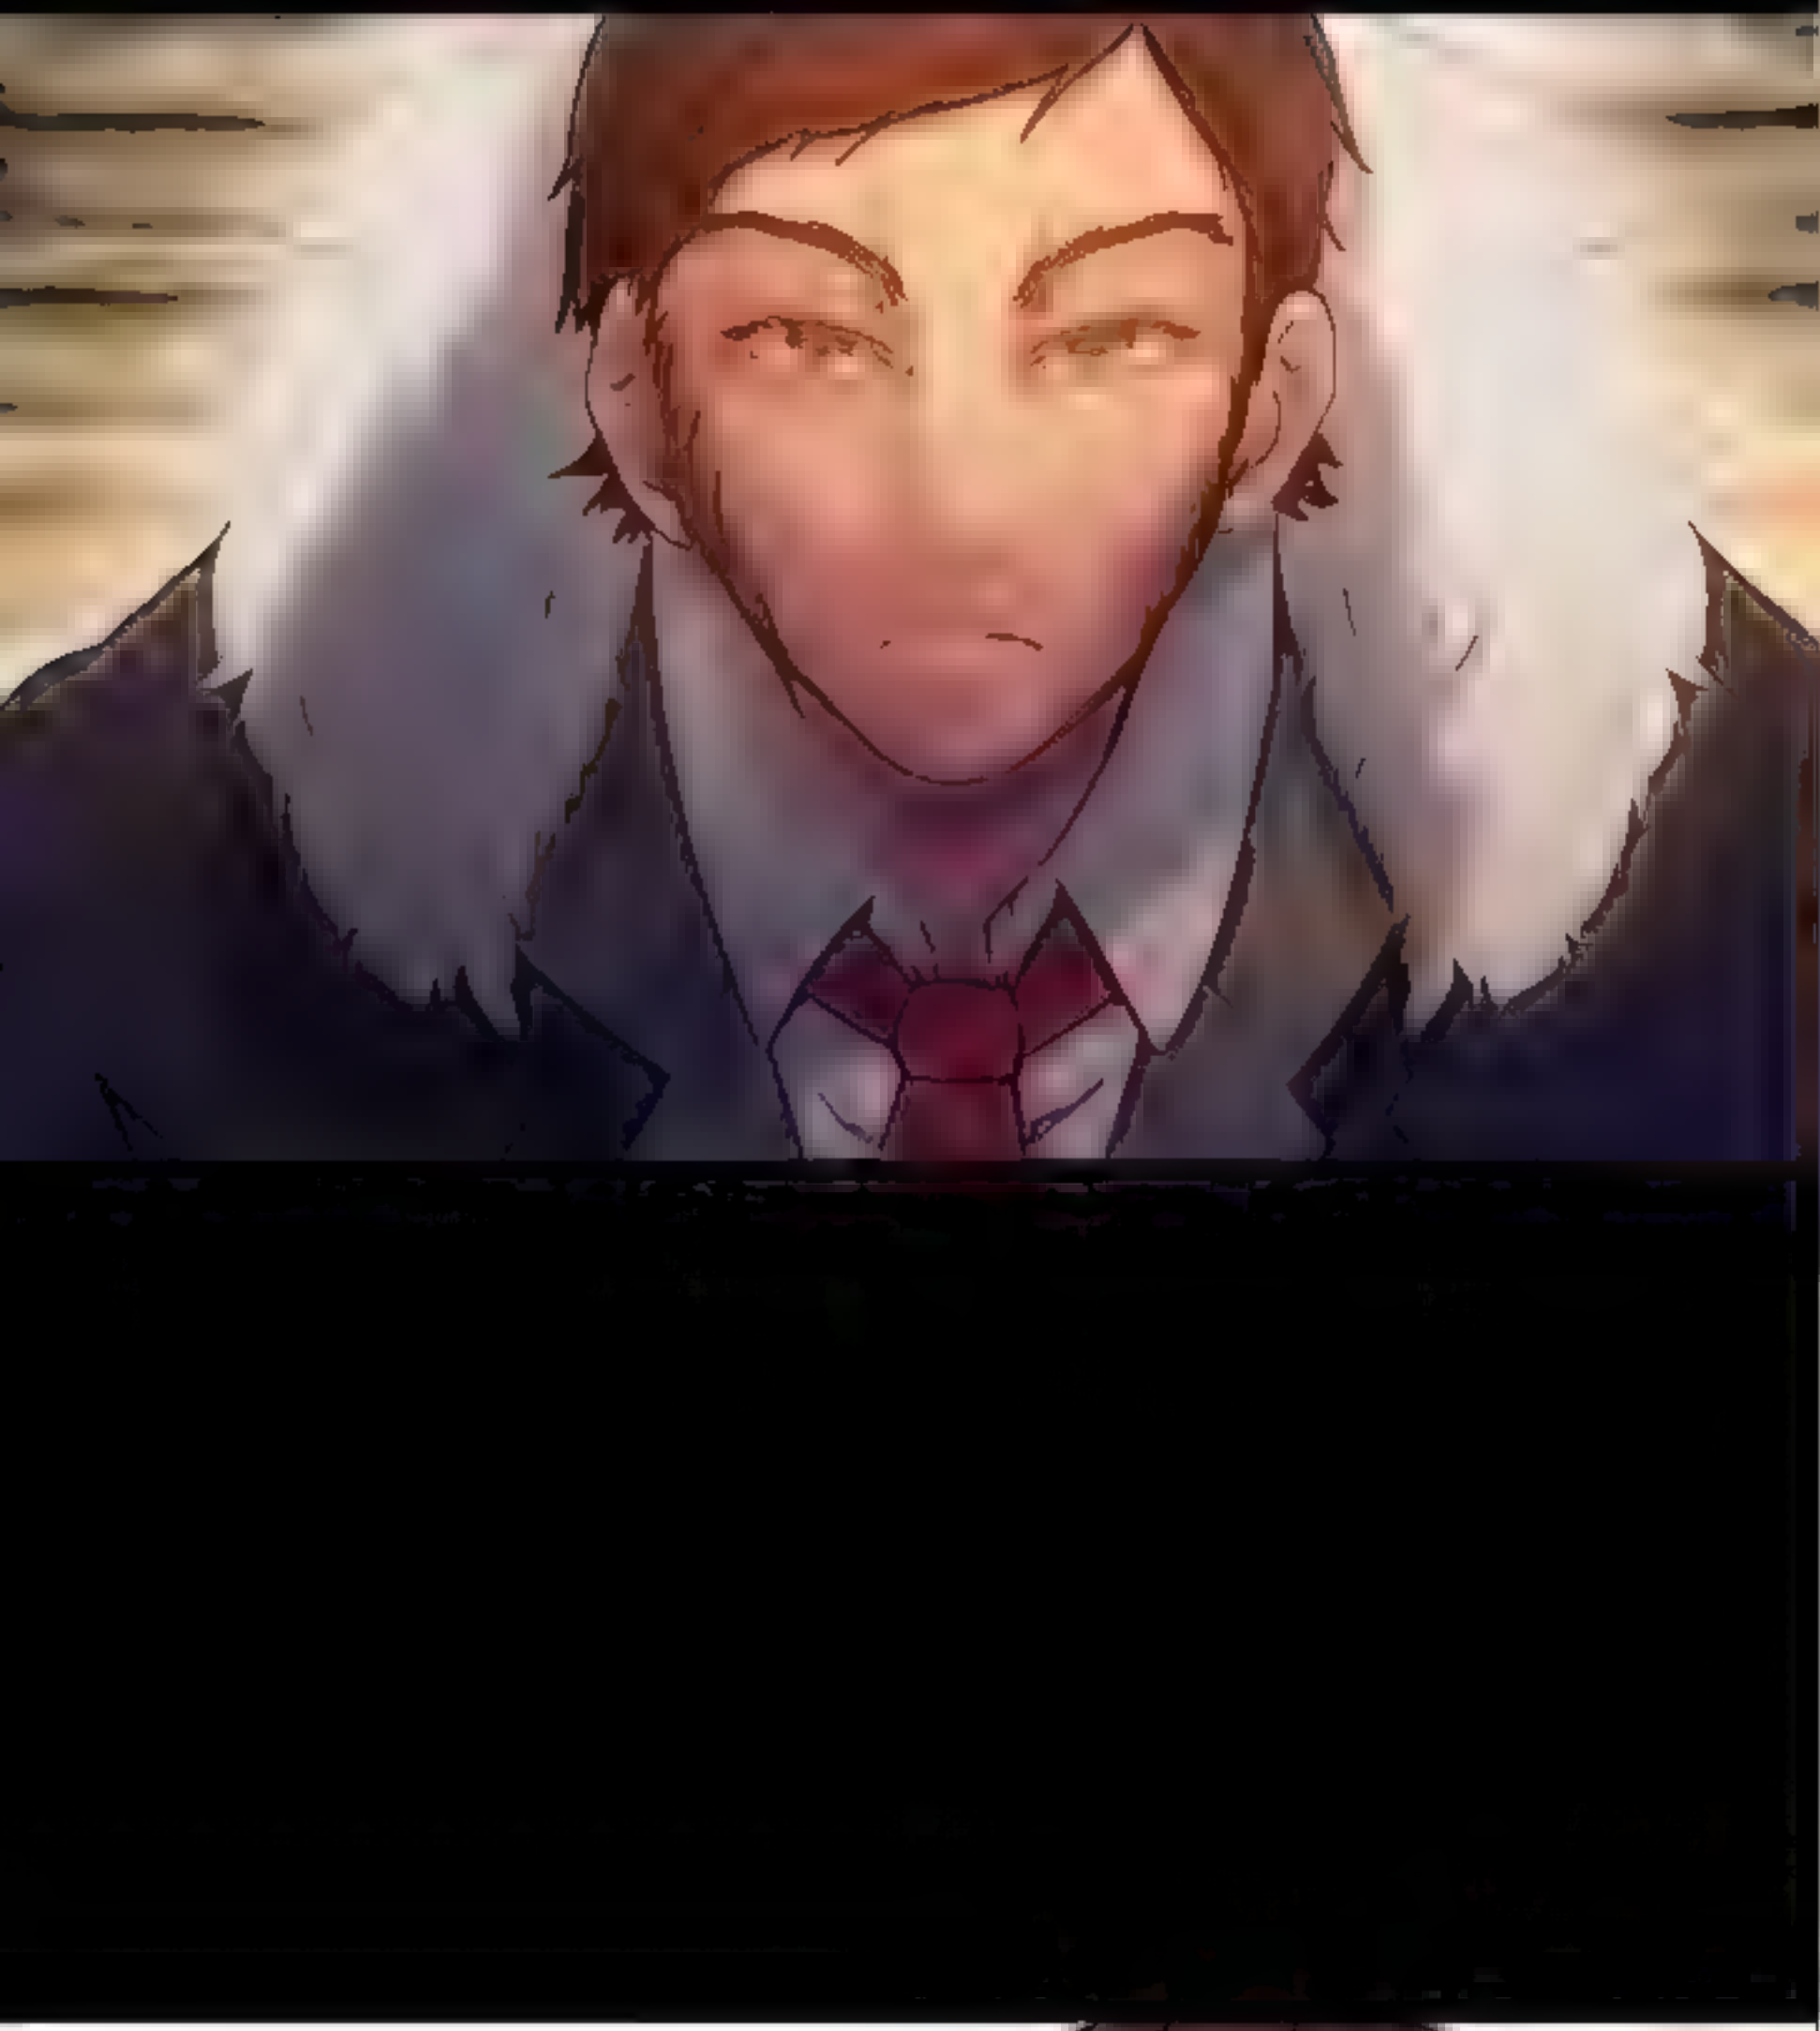
Daddy!
You pissed her again!

I don't get her.
I complimented her,
didn't I?

You
said she's
a Monster.

...

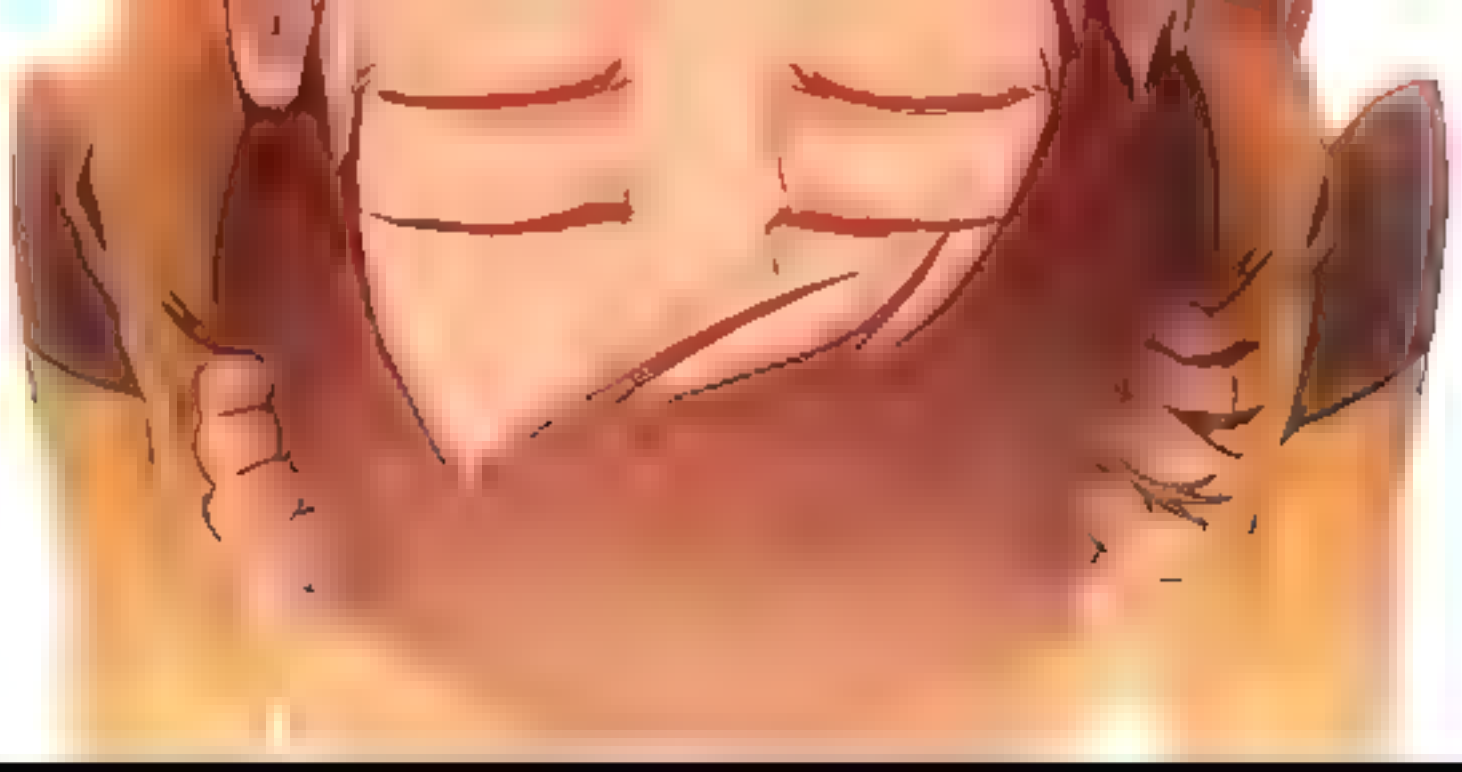
!!

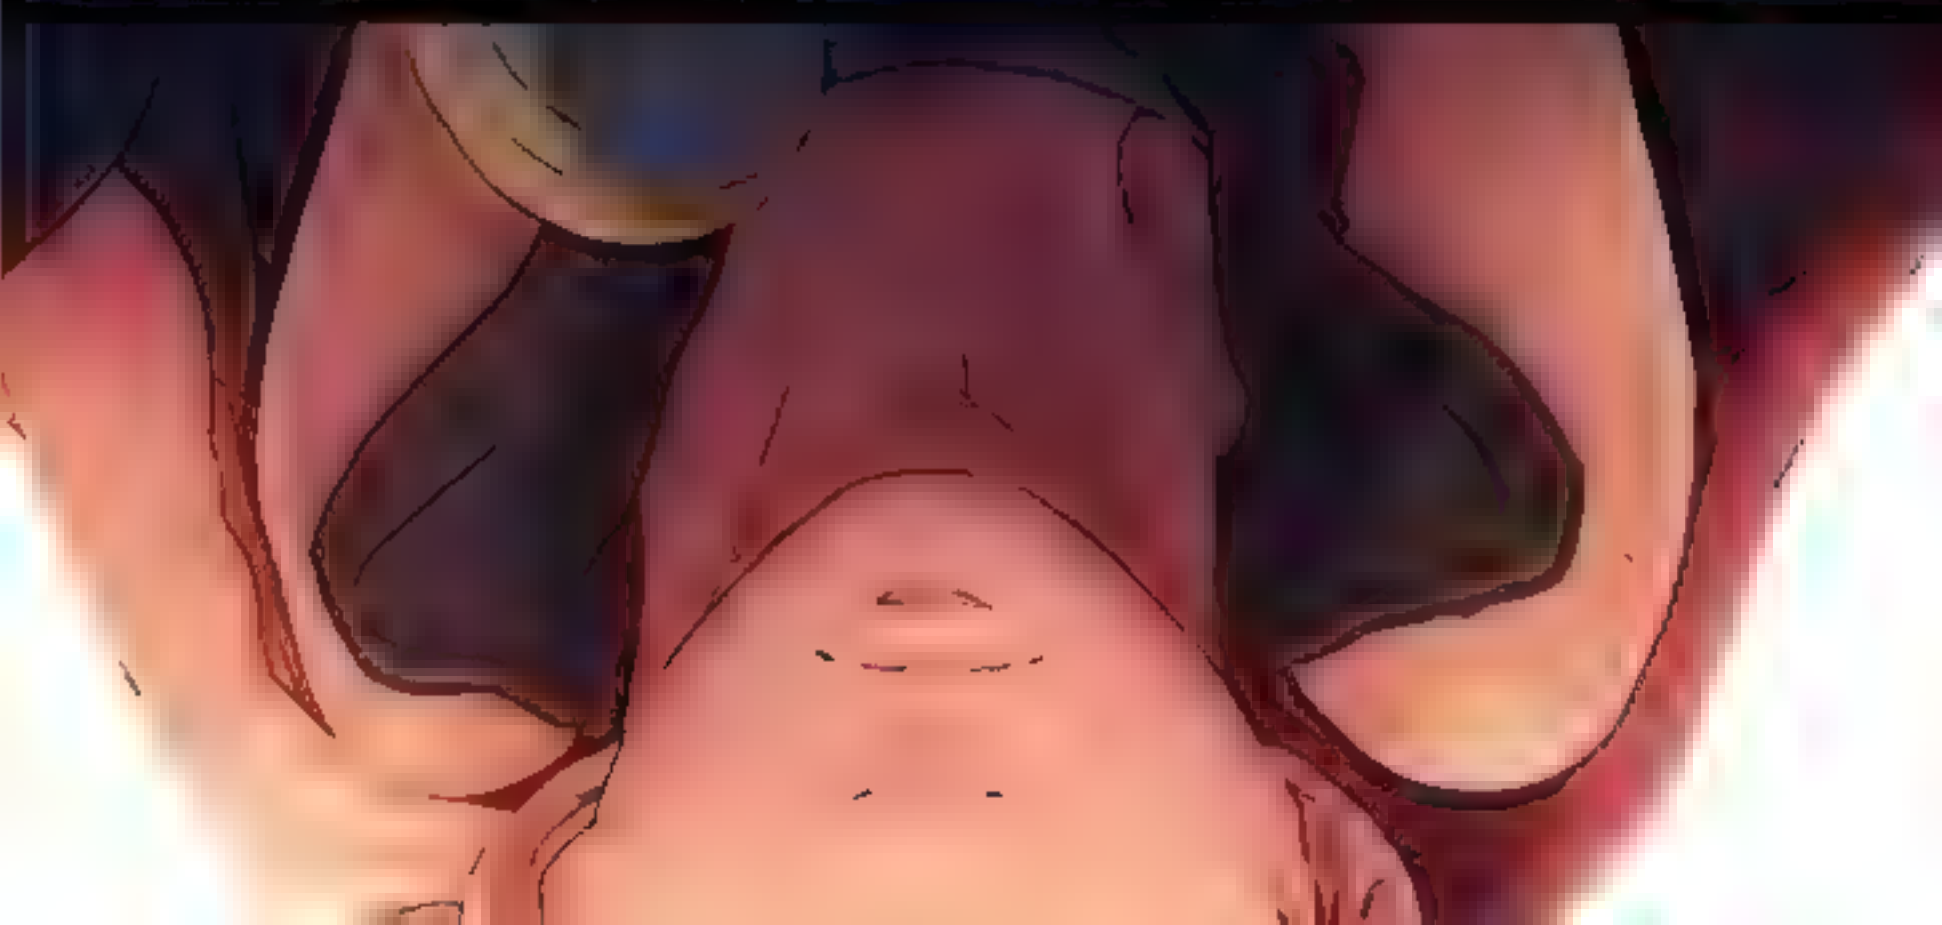


What are you doing here!?
I severed my ties from Zenjirou a long time ago! Don't get my family involved in your illegal business!

I did not come here for trouble.
Even though you turned your back against us, still, you are my sister.
That will never change, Ayane.

There is something you have to know about your husband, Nathan.





清水
GREENE

Sign: Shimizu-Greene

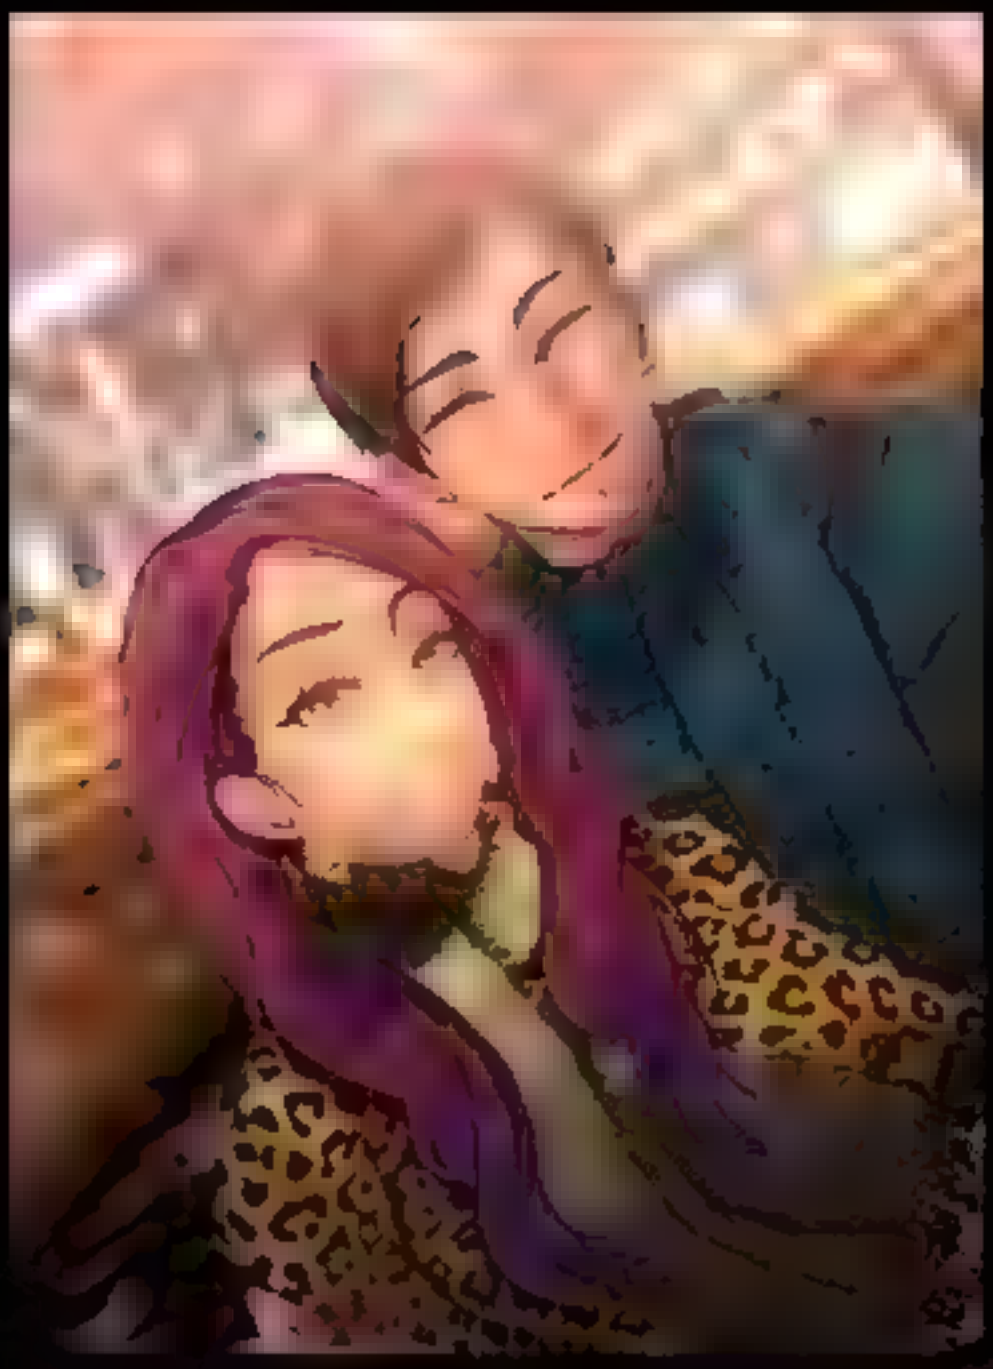
What are you talking about?

Nathan had an affair with a woman named Sara Miller years before you met him.

What?

After we got this photograph, we investigated the woman's background.

Where did you get this?
That's classified.



...

Nathan had a child before Anya and that woman, apparently became Koizumi's wife.

...

Now let us hear your excuses, Nathan Greene.

Are you really
out of your mind?

A mere photograph
doesn't prove anything.
You dare accuse my husband
when you don't even
know a thing about
him?

Wake up, Ayane.

As I've said,
we already investigated
this matter. I can't sit still
and wait for the DNA test to
come out. I came here to confirm
the truth from Nathan
himself.

DNA test, huh?

How nostalgic.

Seeing this photo reminds me of the pain I had gone through before.

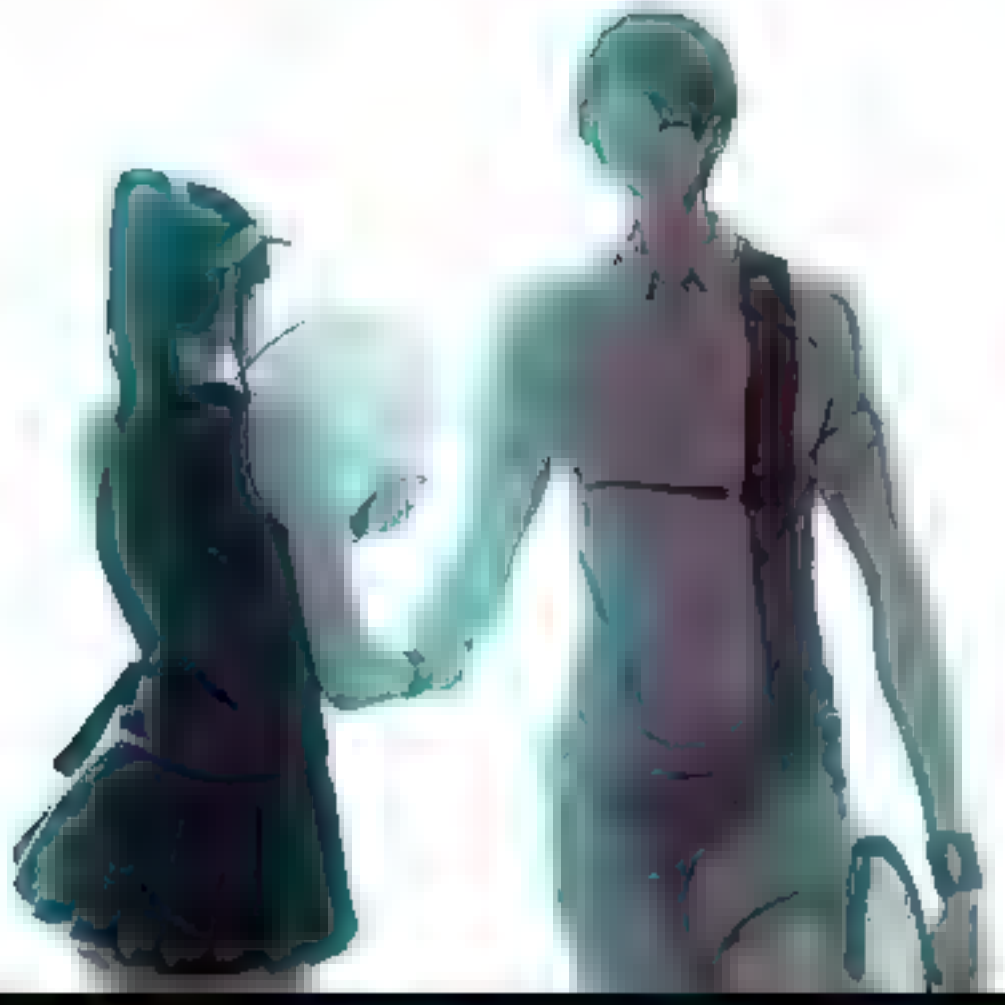
Trust, Love, Betrayal.

Sara was my ex-fiance.

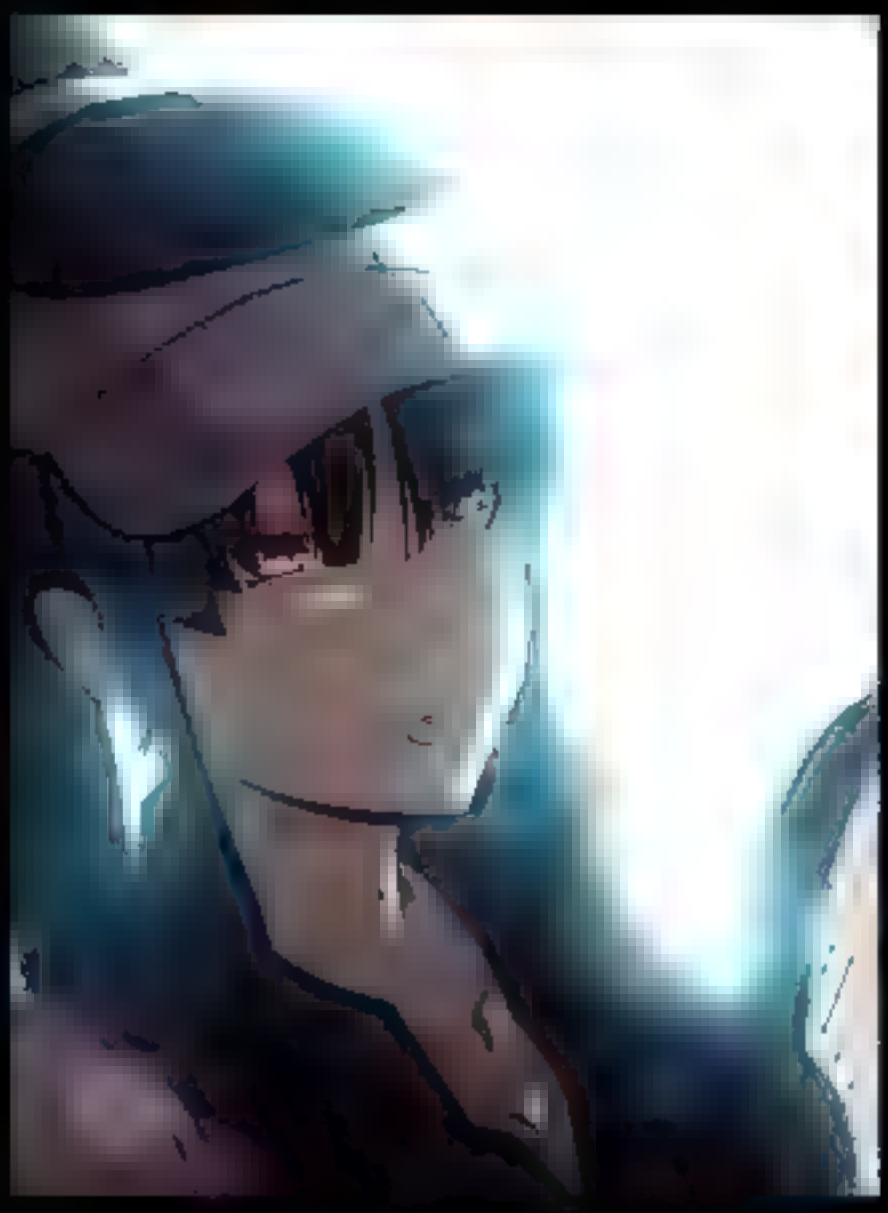
We've been in a relationship for ten whole years.

She was the only woman in my life...
until I found out the truth.

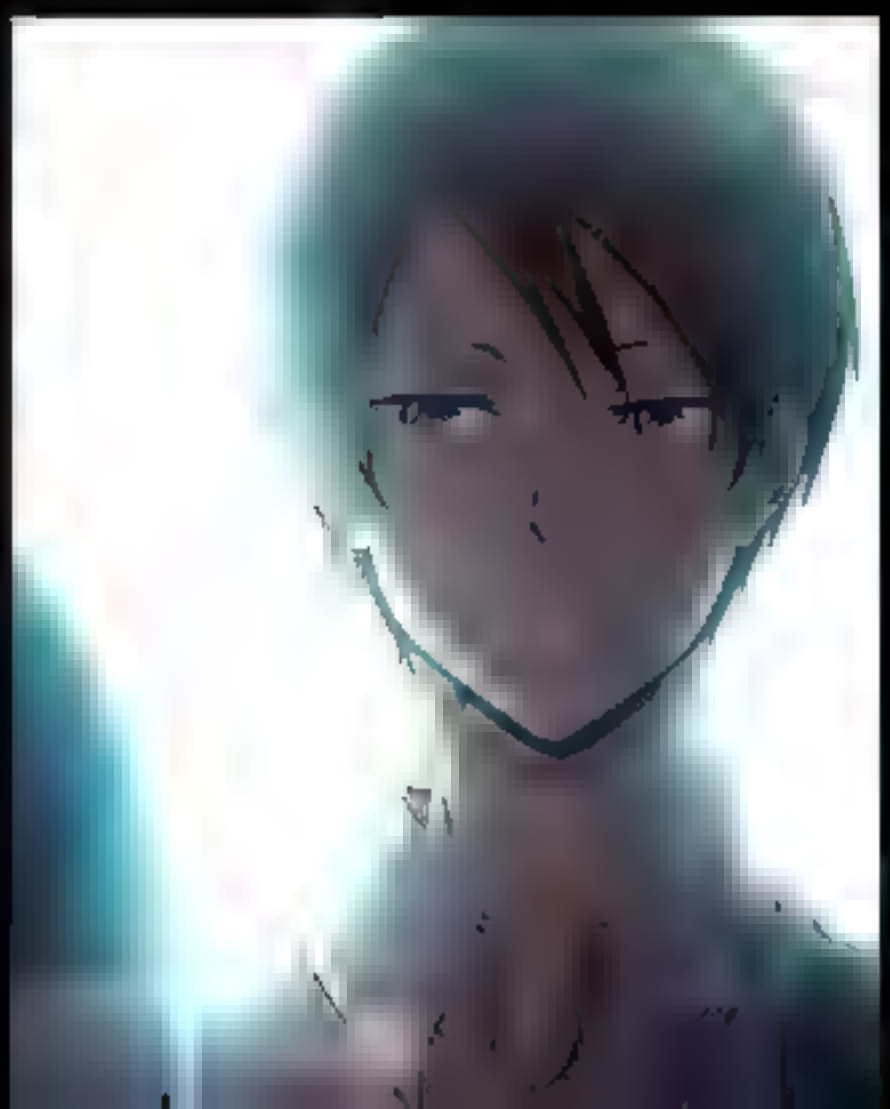
After the Battle of the Sexes Tournament,..



Ayane told me everything. Despite being strangers to each other.



My faith in Sara was so strong I refused to believe her...



..but

Fate led me to the truth.

Sara admitted it herself.
The worst part is..
My bestfriend was the
Father of her child.

I was so devastated
after that.
I lost my will to live,

my passion in Tennis,
in everything, and later on
I decided to quit the sport.
But Ayane gave me
hope and light.

DUH!

Even in the afterlife,
I will never ever..

..betray my wife.

I'd rather die than
lose her.
